BLUE MANTA

Raja Ampat and Misool

Sorong to Sorong | Raja Ampat and Misool

Raja Ampat holds the world's richest collection of underwater flora and fauna, across 50,000 square kilometres of islands and reefs.

Misool begins the show with picturesque coral gardens in mild currents and the best chance of manta rays, plus a beautiful lagoon to see by speedboat.

Further north is a pristine hard coral garden among the iconic reefs of Piaynemo.

The Dampier Strait finishes things with fabulous diving around Kri.

The sheer abundance of marine life and healthy, colourful reefs will leave even the most experienced diver wanting more, and a short trek up to a viewpoint gives a bird's eye view of the limestone islands.
