CARPE VITA

Reef, Rays and Hanifaru Bay

Male to Dharavandhoo or Dharavandhoo to Male | Baa and Raa atolls

Discover the magic of the Maldives as you explore vibrant coral reefs and colourful thilas and giris, with schooling reef fish, eagle rays, stingrays, reef sharks and even the occasional whale shark.

During the manta season, there is the rare opportunity to witness mass manta gatherings inside Hanifaru Bay, one of the world's top manta hotspots.

Diving is not permitted inside the bay, so a guided snorkel is arranged with the local rangers when mantas or whale sharks are present.

Beyond the water, the trip brings the islands to life, with a local island visit, a tropical beach BBQ and Maldivian night fishing.

It is crafted for ocean lovers of every level, from non-divers and beginners to seasoned divers.

This journey offers the ideal balance of relaxation, discovery and marine encounters.
