Best of Maldives

Male to Male | Ari, Vaavu and Male atolls

This is the Best of the Maldives, and it delivers exactly that: the best and most famous dive sites in a week of wonderful liveaboard diving across Male, Ari and Vaavu atolls.

Awaiting you are channels (kandus), pinnacles (thilas) and cleaning stations where you have every chance of meeting mantas, a variety of sharks and mesmerising marine life.

Fish Head is a marine protected site with many resident turtles, huge schools of fusiliers stalked by trevally and patrolling grey reef sharks.

A sunset or night dive at Alimatha in Vaavu Atoll is a must, for an up-close encounter with the resident nurse sharks when they gather at the end of each day.

Expect to see sharks, mantas, reef fish, turtles, morays, eagle rays and abundant macro life, with possible hammerheads and whale sharks.
