EMPEROR VOYAGER

Sharktastic

Male to Male | South Male, Vaavu, Meemu and South Ari

In this season, clean ocean water flows in from the east, bringing fantastic visibility of up to 40 metres and a mass of nutrients that attracts an array of pelagic marine life.

The channel dives of the eastern Maldives are the main order of the day, with grey reef sharks, dogtooth tuna and eagle rays as standard.

Look out into the blue, and you never know what surprises await.

The outer walls and corners of the channels in Vaavu and Meemu are draped in the blues, yellows and pinks of majestic soft coral.

Then cross over to South Ari to look for whale sharks around Maamigili and mantas at Rangali Madivaru, Dhivehi for Manta Place.

Kudarah Thila and the Kudimaa Wreck are other highlights.
