NEPTUNE ONE

# Best of Raja Ampat and Misool

*Sorong to Sorong | Misool, Raja Ampat*

Raja Ampat's southern waters are full of colour, from reef systems rich in soft corals to seamounts buzzing with life.

At Fiabacet and Boo the coral gardens are vibrant and the formations dramatic, with fusiliers, reef sharks, turtles and manta rays passing through.

Sea fans and soft corals cover the walls, pygmy seahorses hide in them and barracuda school above.

Under the mangroves coral grows in shallow water, and at Kofiau hard coral reefs, sloping walls and healthy bommies are filled with tropical fish.

Between dives, a marine lake of non-stinging jellyfish and the Love Lagoon viewpoint add the view.
