# Central and North Raja Ampat

*Waisai to Waisai | Piaynemo, Wayag and the Dampier Strait*

Wayag is the star of the north, with a morning trek to the viewpoint, an afternoon in the lagoon and a dive before beach time.

Two morning dives aim for reef and oceanic manta rays, with more diving at Arborek by afternoon and by night.

At Piaynemo the reefs are full of hard and soft corals, abundant schools of fish and hunting sharks.

A village on eastern Mansuar has good corals, fish schools, reef sharks, turtles and bumphead parrotfish.

Fish-focused dives on the east side of Kri finish the trip.
