SAMAMBAIA

Raja Ampat South and Central

Sorong to Sorong | Farondi, Daram, Yillet, Wayil, Fiabatjet and Boo

Misool in the south of Raja Ampat, where the reefs are covered in soft coral in all the colours you can imagine.

Around Farondi there are big sea fans, a huge swim through and a cavern, and when the silversides are abundant the mobulas come in to hunt.

Daram is a no-take zone where the marine life is abundant and most colourful, and a pinnacle off Yillet is home to resident grey reef sharks.

Fiabatjet has more fusiliers than anyone could possibly count, with jacks, trevallies, barracudas and sharks.

The last big day brings even bigger sea fans, and a cleaning station where oceanic mantas make the place truly magic.

Besides the two popular sites at the island of Yillet, we prefer to dive the other two sites the hardly anyone knows about.
Our favourite here is a pinnacle which is utmost fishy and home to resident grey reef sharks.
Towards the end of that dive we get to a part of the reef where it is not uncommon to find ten different species of nudibranchs in just a few minutes.
In the afternoon our dive guides will show you a pristine wall.

And if you happen to dive here on a day with bad visibility.
Just face the reef.

Several species of Pygmy Seahorses, Nudibranchs, tiny Crustaceans, every niche in these reefs is filled with life.
