East Nusa Tenggara

Komodo to Alor | Komodo and East Nusa Tenggara

The drift diving of Komodo National Park is the heart of this trip, with strong currents and nutrient rich channels bringing mantas, reef sharks, turtles and hundreds of species of hard coral.

UNESCO lists the park as a World Heritage Site, and visits to the Komodo dragons are part of the journey.

The route then continues through the islands of East Nusa Tenggara, with remote dive sites along the way.
