SEVEN SEAS

Banda Sea and Alor

Ambon to Alor | The Banda Sea and East of Flores and Alor

Steep drop-offs, impressive hard coral and fast currents fill the Banda Sea, with schools of jacks, giant tuna, turtles, Napoleon wrasse, rays, sharks and giant lobsters in excellent visibility.

Around an isolated volcanic peak, extraordinary numbers of banded kraits swarm through the water, which exudes sulphur above and below.

The tiny atolls of Lucipara are the tops of undersea mountains rising more than a mile from the ocean floor, with night diving among rare flashlight fish.

East of Flores and Alor, deep channels carry whales, dolphins and enormous schools of tuna.

Your itinerary

1

The Banda Sea

Dive the famous Spice Islands.
Once sought by Columbus and Marco Polo, the Banda Islands were the original Spice Islands and the most coveted destination on earth, particularly by the Dutch and Portuguese who colonised the islands and exported the indigenous nutmeg and cloves.

2

East of Flores and Alor

Unspoiled and remote.
Recognised as one of Asia's top 10 dive destinations, the archipelago east of Flores is one of the favourite areas to explore on a Seven Seas dive adventure.

WORTH KNOWING

Key notes

Good to know

Dry season: May to November.

Good to know

Rainy season: December to April, with high rainfall in January and February.

Good to know

Water temperature: 27 to 30°C.

Good to know

Best time to dive: October to December and March to April.
