SEVEN SEAS

Forgotten Islands and Banda Sea

Saumlaki to Tual | The Forgotten Islands and The Banda Sea

The Banda Islands were once the most coveted destination on earth, and today the seas around them hold some of the world's richest reefs, with unspoiled corals and large pelagic fish.

Steep drop-offs and fast currents bring giant tuna, Napoleon wrasse, rays, sharks and giant lobsters, and night dives at the tiny atolls of Lucipara find the rare flashlight fish.

Beyond lie the Forgotten Islands, far off any beaten path, where gin-clear water and unbelievable drop-offs have shown divers tornadoes of big-eye trevally, hammerhead sharks and a whale shark.
