Komodo

Labuan Bajo to Labuan Bajo | Siaba Besar, Castle Rock and Batu Bolong

Komodo's drift dives are thrilling, with sharks, schools of trevally and stunning visibility.

Pristine coral reefs hold schools of fish, sharks, cuttlefish, octopus and turtles, while coral gardens bring pelagic encounters and hunting tuna.

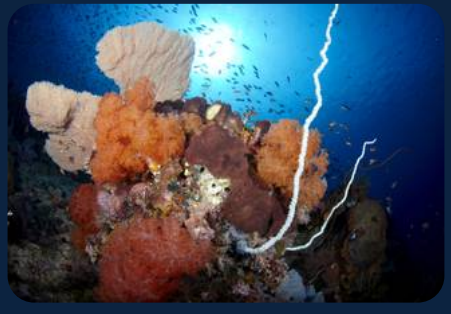

A shallow drift winds past overhangs, caves, crevices and colourful reefs, and a world-famous site is packed with marine life and colourful coral.

Graceful manta rays glide by on the drift that follows.
