Manta Madness

Male to Male | Baa, Ari and Vaavu atolls

Manta Madness adds Baa Atoll to the Best of Maldives, to explore the frequented manta spots and lagoons, including the renowned Hanifaru Bay.

The best time to join is during the summer months.

Baa lies in a UNESCO Biosphere Reserve, with thilas, channels and coral gardens where manta rays, whale sharks and turtles gather.

When the rangers say Hanifaru Bay is active, a snorkel trip is organised, as diving is not allowed in the bay.

North Ari has graceful manta rays at the world-famous Maaya Thila, and whale sharks are often seen in South Ari.

Highlights include manta cleaning stations, a night dive with nurse sharks and drift dives through the channels.
