ECOPRO SEASCAPE

Best of Maldives

Male to Male | Male, Vaavu, Ari, Meemu and Thaa

Simply the best of the Maldives.

Divers will be astonished by the variety of marine life, from nudibranchs and eels, through schools of reef fish, eagle rays, sharks and turtles, to manta rays and whale sharks.

Strong current through famous channels brings sharks, eagle rays and barracuda, and a protected thila is rated the best site in South Male atoll.

In Vaavu, grey and white-tip reef sharks, eagle rays and napoleons are the highlight, and in Rasdhoo grey reef sharks and dogtooth tuna patrol a ridge.

Large schools of stingrays gather in North Male, and mantas visit a cleaning station on the outer reef.

Meemu has caves, overhangs and sharks on the incoming current, and whale sharks finish the show in South Ari and Thaa.
