

Alor (Kalabahi - Kalabahi)
30+ dives recommended
Open water Diver or equivalent required

7 Nights / 8 Days| Up to 23 Dives

Day 1 Embarkation – Kalabahi (ARD)

Guests will embark in Kalabahi. A check dive may be conducted in Kalabahi Bay, depending on weather conditions. We will cruise overnight to Komba Island.

Day 2: Komba Island (4 Dives)

Komba is a dramatic volcanic island located about 50 nautical miles from Alor. Smoke rises from its crater and the scent of sulphur creates a truly unique atmosphere.

All four dives of the day will take place around Komba. Expect impressive coral growth, with hard coral gardens, sea fans, and large barrel sponges along the walls and slopes. Fish life is vibrant, with frequent sightings of fusiliers, trevallies, and dogtooth tuna.

Day 3: Lembata (4 Dives)

A full day of macro diving awaits. Dive sites are rich with critters such as frogfish, nudibranchs, seahorses, crustaceans, and ghost pipefish. Most sites are muck dives with coral patches in between. Water temperatures range between 24–26°C.

Day 4: Beangabang (4 Dives)

Located in a bay on the southern coast of Pantar, Beangabang offers fantastic muck diving. Expect sightings of mimic octopus, wonderpus, frogfish, seahorses, nudibranchs, crustaceans, and ghost pipefish. For those who prefer reef diving, a beautiful reef site outside the bay is available.

Day 5: Alor – Reta Island (4 Dives)

The day begins with an unforgettable snorkeling experience with dugongs (weather permitting).

The second, third, and night dives will be around Reta Island, featuring pristine reefs, large sponges, and vibrant marine life. Anthias, fusiliers, trevallies, snappers, and reef sharks are commonly spotted.

Day 6: Pantar & Pura Island (4 Dives)

Begin the day with a morning dive around Pantar Island, where there's a chance to spot

hammerhead sharks.

The final two dives of the day will be at Pura Island, known for its impressive wall dives and ridges, and rich marine life including jackfish, sharks, barracudas, and turtles.

Day 7: Kalabahi Bay (2 Dives)

Kalabahi Bay is famous of the great muck dive with lots of different critters such as the weedy scorpion fish, frog fish, various crustaceans, seahorses and lots of nudibranchs.

We will conduct a land tour to see the traditional dance, followed with a BBQ dinner.

Day 8: Disembarkation – Kalabahi (ARD)

Guest disembark Malaillo by 10AM the latest, escorted to Alor airport or hotels on the city.

Important: The last dive of the trip will take place on Day 7. Divers are strongly advised to observe a 24-hour surface interval before flying.

Travel Tip:

ARRIVAL DATE: We highly recommend arriving in the city of embarkation one day prior to the cruise departure and staying at a local hotel. This provides flexibility in the event of unexpected flight or luggage delays, or cancellations.

DEPARTURE DATE: We strongly advise against booking international flights on the same day as disembarkation, to ensure a smooth and stress-free transfer.

Please Note: This itinerary is a sample and may be adjusted based on weather conditions, local regulations, or other operational considerations.

The final route, timing,

and selected activities are at the discretion of the Captain and Cruise Director, who will always prioritize guest safety and strive to provide the best possible experience throughout the trip.
