

# Raja Ampat

For diving enthusiasts, Raja Ampat is a must-visit destination, renowned for its unparalleled marine biodiversity. Nestled within the coral triangle, it offers an unmatched opportunity to witness pristine reefs brimming with marine life, both big and small.

Raja Ampat, translating to "the four kings," consists of the main islands Misool, Salawati, Batanta, and Waigeo. Located in eastern Indonesia, this remote archipelago is a haven for exceptional diving, natural splendor, and complete tranquility.

Prepare to encounter a range of marine wonders, from the smallest pygmy seahorses to the magnificent oceanic and reef manta rays. Marvel at the unique walking sharks, gentle dugongs, and even spot an occasional whale. This diving adventure promises memories that will last a lifetime.

Above water, you'll find striking limestone karsts emerging from the clear, turquoise waters. The breathtaking views from accessible cliffs are not to be missed. Exploring Raja Ampat's islands, beaches, and bays is nearly as captivating as the underwater experience.

Current	Mild to medium
Water Temperature	Between 27-30 °C

Snorkellers, free divers, and kayakers are also welcome to join this tour.
