

Welcome to Neptune One Liveboard

Raja Ampat North & Central Expedition – 8D/7N | Up to 19 dives

Embarkation & Disembarkation

Embarkation: Pick-up is scheduled before 12:00 PM from Domine Eduard Osok Airport (SOQ), Sorong, or local hotels. Guests must gather at the harbor by 12:00 PM. Embarkation will begin once everyone has arrived. Schedule may adjust due to flight delays or unforeseen circumstances.

Disembarkation: Day 8 by 10:00 AM. The boat returns to Sorong the night before. Transfers to Domine Eduard Osok Airport (SOQ) or local hotels are included.

Last Dive: Scheduled by 12:00 PM on Day 7. Please allow 18–24 hours before flying.

Sample Itinerary

Final schedule may vary depending on weather and sea conditions. The number of dives is approximate and subject to change for safety and optimal dive experience.

Day 1 (1–2 dives) – Arrival & Check Dive

Meet the crew and settle into your cabin. After safety briefings and gear setup, we'll conduct a relaxed check dive to ensure comfort in the water. Expect to see vibrant reef fish, healthy corals, and possibly a turtle or two.

Day 2 (Up to 4 dives) – Dampier Strait

Start the day with reef dives teeming with schooling fish and colorful hard corals. Keep an eye out for reef sharks, napoleon wrasse, and swirling barracuda. Muck-style afternoon dive may reveal mandarinfish or walking sharks. Night dive optional.

Day 3 (Up to 4 dives) – Reef Walls & Slopes

Enjoy dramatic underwater topography with sloping reefs and mini-walls covered in sea fans and soft corals. Species sightings may include wobbegong sharks, pygmy seahorses, and schools of fusiliers hunted by giant trevallies.

Day 4 (3 dives + beach BBQ) – Remote Northern Reefs

Dive remote sites home to large pelagics and stunning coral gardens. Possibility to spot manta rays, bumphead parrotfish, or eagle rays. End the day with a sunset BBQ on a white-sand beach.

Day 5 (3 dives + land activity) – Central Raja Ampat

Reef dives with excellent coral coverage, macro critters, and large schools of snappers and

sweetlips. In the afternoon, enjoy a short trek to a scenic viewpoint with panoramic views of the iconic karst islets.

Day 6 (Up to 4 dives) – Channel & Cleaning Stations

Expect fast-paced dives with strong currents that bring in manta rays, reef sharks, and schools of jacks. You may also visit shallow coral bommies where sweetlips, turtles, and anthias gather in colorful harmony. Optional night dive at a lively jetty.

Day 7 (2 dives) – Calm Bays & Shallow Reefs

Gentler sites with beautiful coral gardens and abundant marine life. This is the perfect way to wind down your dive trip. You might see turtles, crocodilefish, and even a few surprise critters in the sand.

Day 8 – Disembarkation

Enjoy a final breakfast on board before your transfer to the airport or your hotel in Sorong. No diving this day due to flight surface interval.

Diving Conditions

Best Time to Dive: October to April

Water Temperature: 27°C – 30°C

Visibility: 15 – 30 meters

Currents: Mild to strong depending on the site

Recommended Certification: Advanced Open Water

Minimum Experience: 20 dives with some current experience preferred
